

CONGRESS

Convenes Monday December 7th—Probable Order of Business—Important Bills, Pending in Senate—Bills in Conference—Bills Reported Favorably and on the House Calendar.

When the House adjourned sine die, on October 24th business was under consideration pursuant to the special rule adopted October 21st, namely: Senate Bill No. 6398, entitled "An Act to amend Section 1 of an act approved May 30, 1908, entitled 'An act to amend the national banking laws'; and

Senate Bill No. 6505, entitled "An act to amend sections 11 and 16 of an act to provide for the establishment of Federal Reserve Banks, etc., approved December 23, 1913, and commonly known as the Federal Reserve Act.

The previous question was considered on each bill with amendments to final passage, without intervening motion, except one motion to reconsider on each bill.

Senate Bill No. 6398, was read the third time. Mr. Henry moved to recommit the bill with instructions to the Committee on Banking and Currency to report the same with amendments, to-wit: Known as the Cotton Loan Amendments, authorizing the Secretary of the Treasury to deposit in banks situated in States producing cotton or tobacco, or both, the sum of \$250,000,000, etc. etc. (For copy of the Amendments see Congressional Record, October 22nd, pages No. 18680-1).

Therefore, when the House reconvenes on Monday December 7, 1914, and the roll is called and the presence of a quorum ascertained, a demand for the regular order will again bring into operation the special rule adopted October 21st and the question will be on Mr. Henry's motion to recommit Senate Bill No. 6398 with instructions.

When that motion is disposed of and the bill itself is disposed of, the question will then be on the third reading of Senate Bill 6505, after which one motion will be in order to recommit said bill.

CIVIC CLUB.

Members of the Civic League an organization of Wauseon women auxiliary to the County Woman's Suffrage organization met at the Library assembly room last Monday evening and accomplished the organization of the Civic Club of Wauseon, an independent organization having for its objects according to the constitution adopted, to promote better citizenship, the physical and social civic improvement of the village and to co-operate in relief work among the needy. That there is a great field of practical and useful work for such an organization here in Wauseon goes without saying, there is no end of the various departments of civic work that such a club may enter into, all of them intensely practical and making for the betterment of civic conditions and the welfare of the entire community. Some of these lines of work are already under way, such as the children's welfare movement which has found expression in the children's gardens, the story hour for children, the Boys Brotherhood, Boy Scouts, Camp Fire Girls, and other work with and for the children. The beautifying of the town, the relief of those in need, the ministry of friendliness and neighborliness to those who come as strangers to the town, the co-operation in the support of such local institutions as the hospital and the library, all these and many more lines of activity are open to the co-operation and efforts of such a club as the Civic Club of Wauseon. The spirit of the organization is well expressed in the motto "Get-together" and the "work-together" spirit, this is the spirit which makes for peace and progress; this is the constructive spirit which builds rather than destroys, unites rather than tears apart, and keeps alive the "Brotherhood of Man" in these days when under the inhuman sway of the gods of war, men are slaughtering each other in Europe.

A FAMILY MEETING.

A most enjoyable time was had on Thanksgiving Day at my home in Tredrow, nineteen children and grandchildren spent the day with me. The day was ideal and everything conducted to our pleasure. A bountiful dinner was provided by the guests and it varied in the spirit of life there was surely an abundant supply. There were two afternoon guests. The young people furnished the music adding to the pleasure of the occasion. This was my seventy-eighth birthday and many tokens of remembrance were received and appreciated. Thanks to all kind friends. "In as much as ye have done it unto me, ye have done it unto me" were the words of the loving Christ. I'm going down the hill dear friends, With weary feet and tottering gait If I should chance to reach the goal, While some of you should longer wait, May choicest blessings on you rest And happiness with you abide, Till you shall reach the radiant shore Beyond the swelling tide.

HARMON M. JOHNSTON

Well Known Business Man and Resident Passes Away—Twenty-six Years in Business in Wauseon.

One of the long-time residents of Wauseon passed away at his home on Prospect street, last Tuesday morning when Harmon M. Johnston, after a short but serious attack of pneumonia succumbed to that disease. Mr. Johnston was a man of quite demerit and found his greatest pleasure in his own home after business hours. He was deeply interested in public affairs and was a student of political economy holding to the socialist doctrines of government. Kindly and fair in his relations with his fellow citizens, a good neighbor and a loyal friend, he will be missed in this community where he has lived and worked for more than a quarter of a century.

Harmon Mercer Johnston was born in Ritchfield, Summit County, Ohio, May 7th, 1848; he was the second son in the family of twelve children, two of these died in childhood there remain four brothers and five sisters, Mr. Johnston being the first of this family of ten who have lived to maturity to pass away and he having attained the age of 66 years, 6 months and 24 days. He came with his parents, when a young man to Fulton county, the family settling in Chesterfield township where they resided until 1886 when they removed to Wauseon.

He was united in marriage to Harriett Culbertson in 1872; eight children were born to them four of these dying in infancy, there remain with their mother to cherish the memory of the husband and father, two daughters, Miss Blanche of Wauseon and Carmen, Mrs. Charles Taylor of Michigan and two sons Vernon and Ray, of Delta. There are also four grandchildren who will remember him in the years to come as their grandfather. For twenty-six years Mr. Johnston worked as a harness maker with C. F. Stotzer of this city, terminating his business relations here about a year ago to enter into business with his sons in Delta though continuing his residence in Wauseon. Funeral services were held from the home on Prospect street, Thursday afternoon at 2 o'clock. Burial was made in the Wauseon cemetery. The Wauseon Tent, K. O. T. WAUSEON MAN HONORED.

Robert Bayes, son of Mr. and Mrs. I. E. Bayes of this city was honored by the citizens of the Senate District in which he lives in New York City by being elected delegate to the Constitutional Convention of New York State. Mr. Bayes received a majority of 2633 over his competitor there are about 50,000 voters in this senate district. There are 51 senate districts in New York and three delegates were elected from each district with fifteen delegates at large making a membership of 158 in the Convention. It is not so very many years ago as some of us look back over the past when Robert Bayes was a teacher in the Public Schools of Wauseon and a few years before that he was a school boy in this place. Now he has been called to a place of high honor in the state of his adoption by the citizens of a part of the great city in which he lives and in which he is a successful attorney.

This is an illustration of what a boy from the farm can do if he has the right stuff in him. Mr. Bayes has earned his advancement and success by his own labor and sterling character.

ROLL OF HONOR

The Monument Fund Keeps Growing—The Fulton County Soldiers Monument Coming Slow but Sure.

There seems to be a revival of interest in the Soldiers Monument fund and a widespread determination through out county to push this work to completion is manifest. While new subscriptions and payments on former subscriptions come very slowly, still they continue to come and the Trustees of the Association are not disposed to give up the work nor to cease their efforts.

The present status of the finances of the Monumental Association is approximately as follows: Amount on hand in the bank, \$1,117.00; total subscription approximately \$2200.00; amount yet to be raised to complete the \$3,000, \$800. We have in type a fine appeal from one of the patriotic women of the county which we regret we have not space for in this issue of the Tribune but which we shall print next week and which we wish every person in Fulton county would read. Dr. L. E. Miley of Chicago paid the Secretary a visit the other day and told of how interested he had been in reading of the campaign for the Soldier's Monument in the Tribune; he went on the subscription list and paid his subscription.
